THE BROOKLYN ELEVATED ROAD.

COUNSEL ARGUE IN A SUIT TO ENJOIN THE CORPORATION.

Syracuse, N. Y., April 23.—Before Judge Wallace in the United States Circuit Court in this city today argument was had on an injunction in the suit of Mrs. Anna L. Hitchcock, of the State of Washington, and Percival J. Harris, of Colorado, against Attorney Barrett, of Brooklyn, and the Brooklyn Elevated Railroad Company to have \$23,700 shares of the company's capital stock held by Barrett as trustee turned into the treasury. It is contended that the stock was illegally issued. James T. Davies, Wheeler J. Peckham and Charles J. G. Hall appeared for the plaintiffs and Edmund Wetmore, George W. Wingate and W. H. Lane for the defendants. In an amended complaint filed on Tuesday, C. L. Dean, Kirby Foster and John Shurtliff are added to the plaintiffs. The argument was on an injunction restraining the voting of the stock in question at the annual meeting on April 30. Mr. Davies said the suit was brought on behalf of the plaintiffs and other stockholders. The resources to build the Union Elevated Railroad came from the Brooklyn Elevated Company. The real people in the Union Company were nine of the Brooklyn's directors, who put up the money for the organization of the former, whose bonds the Brooklyn Company guaranteed. This money was paid back to them when the bonds were sold, and they were thus enabled to build the road without actually putting in a dollar. Afterward the two companies were consolidated, and the stock involved in the suit was taken by Barrett, who represented the men who had worked the deal. The bonds and stock issued for the cost of the road. The stock of the Union Company amounted to \$2,000 shares, and of the original Brooklyn Company to \$2,000 shares. Messrs. Wingate, Wetmore and Peckham also made arguments. It was argued on behalf of the defendants that all of the plaintiffs, except Mrs. Hitchcock, had profited by the deal. They were the real people in the capital stock of the Union Company and had executed leases. The transaction was called a square business matter. The suit was said to have grown out of an effort to control an election. A block of stock of the same size and issued under similar circumstances was held by the people interested in the plaintiffs.

THE CHANGES IN UNION PACIFIC.

Chicago, April 23 (Special).—The Journal has this: F. Knowland, general freight agent of the Missouri Pacific road at New York telegraphed a Chicago friend today confirming the reports of changes to be made in Union Pacific. S. H. H. Clark will retire from the management of the Union Pacific, along with Jay Gould, Russell Sage and Sidney Dillon, who are to sever their connection with the company at the annual meeting, which occurs next Wednesday. R. S. Hayes has been agreed upon for president, in place of Sidney Dillon. Drexel Morgan and the Standard Oil interests urged Mr. Clark to accept the presidency, but he preferred to remain with Mr. Gould and the Missouri Pacific. Captain Hayes is said to be a Gould man.

GRAND TRUNK'S BONANZA.

Chicago, April 23.—Chairman Midgley and the lines in the Western Association are plainly on top in the contest that is going on between them and the Canadian Pacific. The line combination. Furthermore, they are in a position to laugh at those roads in the Central Traffic and trunk line associations which refused to all their Western connections in meeting the "new" line's cut rates. The Grand Trunk was the only road that had the foresight to put rate with them on the reduced basis, and enable them to save the route that would otherwise be diverted to the northern route. The Grand Trunk is reaping its reward. Chairman Midgley and all the leading members of the association have been urged by the Lake Shore, the Michigan Central, the Baltimore and Ohio, the Western and other roads to make the arrangements that have been made with the Grand Trunk. Some of them have even offered better terms than are allowed by the Grand Trunk. But to all such requests a deaf ear has been turned.

The truth is, the Western roads are unanimously pledged to stand by the Grand Trunk. It is estimated that that road will carry eastward no less than 25,000,000 pounds of wool alone this season, as a result of the action, to say nothing of the other commodities in the cut-rate list.

PLANS OF THE R. AND O.

Baltimore, April 23 (Special).—The Baltimore and Ohio and the Bell Railroad companies have decided to erect two handsome stations in this city on the line of the tunnel now being constructed under the city from north to south and intended to connect the R. and O.'s Philadelphia division with its Washington and Western lines. The tunnel is nearly two-thirds completed, and the company today received an offer from the Thomson-Houston Electric Company, of New York, to run the tunnel through it by electricity without the expenditure of a dollar on the part of the railroad company, and to give the latter the free use of the

plant for six months, provided that if the experiment should prove to be what the Thomson-Houston people claim the railroad company shall take the plant at an agreed price. The company will probably accept the offer.

The Baltimore and Ohio is to have a new line to the Jersey seashore. It now sends its through passengers to Atlantic City over the Reading's lines. The new project is to build a line parallel along the Sea Shore road recently bought by the Pennsylvania at a former close sale. The road will run from Window Junction, on the Reading's south Jersey division, to Sea Isle City and Cape May. The road will cost \$100,000.

AFTER THE IMMIGRANT BUSINESS.

Chicago, April 23 (Special).—Recent developments in the controlling of New York of immigrant business is causing a movement of Western passenger men to that city. John Sebastian, of the Rock Island, is already there, and P. H. Lord, of the "Maple Leaf" leaves here for Gotham tonight, determined that his road hereafter have a share of that business. Reports will hereafter have a share of that business. Reports will hereafter have a share of that business.

MR. ASTOR STILL IN D. AND H.

It was officially denied at the offices of the Delaware and Hudson Canal Company yesterday that William Waldorf Astor had resigned from the directorship of the road, or had sold his holdings of the stock to the Vanderbilt interests. Mr. Astor holds about 2,000 shares of Delaware and Hudson stock, and the entire Astor interests amount to about 3,000 shares.

When Mr. Astor went to Europe two years ago he left his resignation from the Delaware and Hudson directorship in the hands of the officers, to be used if circumstances should make it necessary. Mr. Astor is still in Europe, and his resignation has never been acted on. It is generally expected that changes will be made in the directorship at the approaching annual meeting, to make room for four representatives of the Vanderbilts, though it is not known what shape the changes will take. It is said that the present Delaware and Hudson management has received a sufficient number of proxies to control the election, but that the question of a Vanderbilt representation in the board had been discussed between the two interests.

MR. ROCKWELL MAKES A STATEMENT.

Washington, April 23.—Representative Rockwell, the successful contestant in the Novels-Rockwell contest election case decided by the House yesterday, today made the following statement to an Associated Press reporter: "The allusion to a speech yesterday was entirely untrue. I did not make a speech. I was not in the House. I am in Cleveland and Mr. Hill, and was unjustly and unfairly treated. I number among my friends on the floor of the House the friends of Mr. Cleveland as well as those of Mr. Hill, and I have always and on every occasion taken special pains to impress upon members that I did not desire any question to be brought into my case; that if I could not win on the merits, after a fair presentation to the House, I did not desire to win at all."

THERE WAS BLOOD ON LINGO'S RAZOR.

Camden, April 23.—At the last trial of the negro Lingo, for the murder of Mrs. Ann Miller, Dr. H. F. Forman and other experts, testified that there was blood on Lingo's razor and clothes. The defense objected, and the Court allowed Mr. Westcott, Lingo's attorney, to employ an expert to examine the articles, and Dr. George A. Pearson, of the Camden Hospital, was employed. Dr. Pearson was not put upon the stand by the defense, and it has now been ascertained that his examination corroborated that of Dr. Forman. Lingo will be retried at the term opening on May 3, and the prosecution expects to convict him so quickly and so easily that, as he expresses it, "Lawyer Westcott's head will swim."

At the previous trial, the State, by agreement, omitted some testimony, but at their new trial this will be introduced. Among the other witnesses who will not appear at the State's trial, Dr. Pearson, who made the razor for the defense. He will testify that he found blood upon Lingo's razor, although the razor had been cleaned with ash.

MEADOWS' WORK OF A JEALOUS NEGRO.

Providence, R. I., April 23 (Special).—Robert Tyrell, an athletic negro, became jealous of his mistress, Mary Elsey, and attacked her this afternoon at the house No. 7 Byron-st., where she lived, with a butcher knife. He followed this up with threats with a knife, and after the woman became inhumanly beat her over the head with a flatiron, leaving her for dead. They were alone in the house. He then went down the street and bought a revolver. Returning to the scene of his crime he shot into the unfortunate woman's prostrate body. After that he went to Flint's furniture store, where William Bradford, of whom he was jealous, was employed, and shot him three times in the presence of a store full of clerks and customers. Tyrell ran out of the store and was pursued and captured. Both of the injured persons were taken to the hospital, and the death of the woman is only a question of a few hours. All of them are colored.

COMPLAINT OF A BRICK MANUFACTURER.

Poughkeepsie, N. Y., April 23.—A prominent brick manufacturer on the Hudson said tonight: "It has been the custom for years for French Canadians to come to the brickyards on the Hudson, over a thousand have been employed in the yards every season, and stopping them from coming will seriously cripple the yards. It is drawing the lines too close. They come here and go right at work, and they spend the greater portion of their wages here, get all their winter goods here and take them home with them in the fall. When they return to Canada they find work in the woods. Now there are 150 Arabs at work. They come here from the Irish Land, and I don't see why Frenchmen are kept back because the brick manufacturers give them the preference."

A REPORT FROM ROME DENIED.

A dispatch from Rome, by way of England, yesterday said that the Pope had definitely refused to elevate Archbishop Corrigan to the Cardinalate because of the antagonism said to exist between the Archbishop and Cardinal Gibbons. On the authority of the Archbishop, it was said yesterday that the dispatch was not true, for nothing had occurred to give it foundation.

The Lehigh Valley Railroad Company is building an embankment for a track at Carlestown. Charles Johnson and his family occupy a frame house at the foot of an inclined track from the embankment. Yesterday morning six freight cars broke from a train and dashed down the incline into Johnson's house. One of the cars was planted across the kitchen in the middle of the building. The family was in another part of the house, and none of them was hurt. Two workmen who remained on the cars were tried to stop them when they rolled off and severely injured.

PASSAIC.

The kindness and May carnival for the benefit of the Hospital Fund will be held in Whitehead's Opera House on May 2, 3, 4 and 5. Fully 200 people will take part in the costume dances on the stage, and 150 more will be occupied with the carnival fair and supper.

The Passaic City Wheeling and Athletic Association, whose wheeling division, gave a promenade concert and picnic on the Passaic river, last Sunday, to raise money for a big wheelmen's parade in June.

The Rev. Alexander Allen, of East Orange, has accepted the call to St. John's Episcopal Church, and will occupy the pulpit on May 1.

ORANGE.

Ground has been broken for a new dispensary building for the Orange Memorial Hospital. The new building is the gift of Joseph W. Schiller, the father of Dr. J. W. Schiller, Jr., of the hospital staff. It is to be twenty-six by fifty-two feet in size, two stories and an attic, and will contain all the most approved modern surgical appliances, as well as a large room for the preservation of specimens. There will also be a deadhouse, a convenience that has been greatly needed.

Miss Marion Edson, daughter of Thomas A. Edson, who has been in Germany for several years, returned home about a week ago. She and Mr. Edson have gone to Akron, Ohio, on an extended visit.

Mr. and Mrs. Frank G. Barstow, of East Orange, sailed on Wednesday on the City of New York, to make the tour of the world. They will be gone about eight months.

HOBOKEN.

George Stapley, of No. 179 First-st., an Anarchist, was arrested last Tuesday on a charge of drunkenness. Recorder McDonough sentenced him to thirty days in jail. He made threats against the authorities, and police, to which little attention was paid. Yesterday his wife informed the police that her husband had threatened to blow up Recorder McDonough, against Albert Warner, a saloonkeeper, who complained against him, with bombs as soon as he got out of jail. Mrs. Stapley said her husband had been making dynamite bombs and other powerful explosives, and she showed officer Whitlock his workshop. The place was well stocked with compressed white powder, pieces of gas pipe with triggers, alcohol, acids, revolvers, and two boxes of cartridges. The powder was thrown into the river, and the other things were taken to Police Headquarters. The facts will be laid before the Grand Jury.

NYACK.

Mrs. Blanche Thompson, wife of Henry Thompson, of Portchester, was found yesterday with four small children wandering in the streets of Nyack. The woman said she was driven from home by her husband, who had treated her cruelly for years. She and her children, walked from Portchester to Nyack, about twelve miles. A warrant was issued for Mr. Thompson's arrest, and he has given bonds to appear in Nyack on Monday to answer the charges, which he says are untrue. He says that his wife's mind is not perfectly sound.

WESTCHESTER COUNTY.

WHITE PLAINS.—L. H. Ward was chairman, and school Commissioner James E. Lockwood presided at a meeting of the Sons of the Revolution, which was held at the Court House yesterday, to arrange for a fitting celebration of the 110th anniversary of the first reading of the Declaration of Independence, in the Colony of New York, at the old Court House in Broadway. A committee was appointed to arrange a programme and report on Saturday, May 6.

IN FAVOR OF DISTRIBUTING QUOTATIONS.

Chicago, April 23 (Special).—The election of the Board of Trade today to decide whether or not it is advisable for the directors to make provision for the general distribution of market quotations resulted as follows: For quotations, 544; against quotations, 443; majority for, 101.

A FORMER PUBLISHER DIES IN THE POORHOUSE.

Philadelphia, April 23.—Michael H. Miller, an inmate of Blockley Almshouse, Philadelphia, died yesterday, and his body now awaits the dissecting table. Miller was once a prosperous citizen of Baltimore, having made a small fortune as a cigar manufacturer at Hagerstown, Md. In Baltimore he became one of the leading owners of "The Home and Trades Journal," an afterward publishing "The Sunday Courier." He was successful as a publisher. He became a slave to drink and gradually spent all his remaining money, finally being compelled to become an inmate of the poorhouse.

CLAIMING PROPERTY WORTH \$100,000.

Salmon, Ohio, April 23.—George and Henry Kelly, of this city, assert heirship to property in the Lehigh Valley coal region, now operated by the Lehigh Coal and Navigation Company, and valued at over \$100,000,000.

NEW-YORK CITY.

Captain and Mrs. Daniel S. Lamont, Mrs. Besse and Miss Julia Lamont, sailed on the French steam ship La Bretagne for Havre early yesterday. Colonel Lamont makes the voyage for his health, and expects to be gone about two months.

A "Constant Reader," the address of the firm which is credited with having bought Sera Bernhardt the rugs and furs used at her famous performance is at Albany.

The amount collected for various privileges by the Department of Public Works last week was \$25,200.12. Mayor's Marshal Engelhardt collected \$1,735 during the week as fees on 481 local licenses.

Articles & Co. announce the sale at auction of 1,500 Oriental rugs, carpets, etc., of every description, to close out the business at No. 809 Broadway. The goods will be on exhibition to-morrow and Tuesday, and the sale will begin on Wednesday and continue for four days.

The Tribune yesterday received \$1 each from Winifred E. Howard and Otto Berry, Jr., of Newark, for the Grand Monument Fund.

The form of entertainment at the Eden Musee is drawing old patrons who did not fancy the French style of amusement of the Opera and Vaudeville. There is a graceful and polite confusion, and the Musee is more than ever patronized by women and children. There will be secret concerts to-day.

ALMOST READY FOR THE FAIR.
EXPECTED ATTRACTIONS AT THE GARDEN-BENEFITS FOR THE ACTORS' FUND.

Only one week now remains for the preparations for the big fair in aid of the Actors' Fund of America. The doors of the Madison Square Garden will be opened one week to-morrow, and will show to the public undoubtedly the finest exhibition of the kind ever seen here. The general plan of the fair has been described fully in our columns. It is generally understood that the garden will be arranged in the form of a village, almost all the houses being spaces of famous buildings. There will be Shakespeare's house, at Stratford-on-Avon, "The Old Curiosity Shop," the Globe Theatre, the old Duke's Theatre, Burton's Chambers, Street Theatre and the old Chatham Theatre, of which the last two were memorable in the early history of the New York drama.

There will be a magnificent floral display under the auspices of the Floral Club of New York, a Japanese tea-garden, a Russian booth and a fine electrical display, especially contributed by the Edison Company. There will also be a large exhibition of diamonds, rubies and precious stones. It will include the great Cleveland diamond, a stone valued at \$100,000. The display of jewelry will likewise be of considerable value. Fighting, have been arranged for the fair by some of the best-known New York artists. The lotto punch-box, goblets and battle map by the Gorham Company will also be on exhibition. There will be music day and evening by a band of 100 pieces, and the booths, many of them in the building, will be presided over by the netresses and others who have volunteered their services. There will be minor exhibitions for the children in the afternoon, such as "Punch and Judy," mandolin concerts, etc.

Three matinees in aid of the fair, or its objects, will be given at Falmers Theatre this week. The first will be on Tuesday, when a company composed entirely of children will play "Pygmalion and Galatea." The following cast contains the names of some of the best-known and most-loved children in the city who have appeared on the stage in this city within the last two or three years:
